

Mohanned Mohammed Galal

Aspiring AI Engineer

Cairo, Egypt | 01159495931 | mohannedelzainy@gmail.com | linkedin.com/in/mohanned-galal-0a018b415

PROFILE

Computer Science student at October 6 University with a strong interest in Artificial Intelligence and Machine Learning. Currently developing technical and professional skills through academic study and the Digital Egypt Pioneers Initiative (DEPI), with a focus on practical experience, problem solving, and building toward a career as an AI Engineer.

EDUCATION

October 6 University — Faculty of Computer Science

EXPERIENCE

Digital Egypt Pioneers Initiative (DEPI) — Trainee

Developing technical and professional skills through structured training and learning activities.

PROJECTS

Student Management System | Python, OOP

- Developing a Python-based application to manage student records, including adding, updating, searching, and deleting student information.

Personal Expense Tracker | Python

- Developing an application to record and organize personal expenses by category, calculate totals, and manage expense data.

Data Analysis Project | Python, Pandas, Matplotlib

- Planned project focused on cleaning, analyzing, and visualizing a dataset to identify trends and generate insights.

Light Sensor Project | Sensors, Electronics

- University project using a light sensor to detect changes in light intensity and demonstrate sensor-based system behavior.

SKILLS

Technical Skills: Python • C++ • Object-Oriented Programming (OOP) • HTML • Microsoft Excel • Microsoft Word

Soft Skills: Communication • Writing • Leadership • Fast Learner • Problem Solving • Teamwork • Team Motivation

TRAINING & COURSES

- Udemy — Currently taking two courses
- Cisco — Currently enrolled in a professional course

LANGUAGES

Arabic — Native | English — C1 | French — A2 | Turkish — A2

CAREER OBJECTIVE

To become a highly skilled AI Engineer by continuously developing technical knowledge, gaining practical experience, and building strong problem-solving abilities in Artificial Intelligence and Machine Learning.
